Re: Breitburn Orcutt Hill Stationary Source Permits (16 facilities); Part 70 Renewal/APCD
Reevaluation Permits: No. 8226-R8 (Cal Coast Lease), No. 8514-R7 (Fox Lease), No. 9000-
R5(Dome Lease), No. 9026-R5 (Folsom Lease), No. 9028-R5(Graciosa Lease), No. 9029-R5
(Hartnell Lease), No. 9027-R5 (Hobbs Lease), No. 8240-R7 (Newlove Lease), No. 8502-R6 (Pinal
Lease), No. 9035-R5 (Rice Ranch Lease), No. 8223-R7 (Squires Lease), No. 8174-R5 (Getty
Hobbs Lease), No. 8039-R7 (Compressor Plant), No. 11405-R1 (Steam Generators), 11666-R1
(Gasoline Station) and No. 8039-R7 (IC Engines)

Total Fees Due: \$61,238.00

Dear Mr. Williamson:

Enclosed are the final Part 70 Permit Renewals / Reevaluations as noted above for the Orcutt Hill
Stationary Source, as approved by the US Environmental Protection Agency, Region IX office in May,
2009. Please note that these permits are combined APCD Permits to Operate (PTO) and Part 70
Operating Permits. Carefully review the enclosed documents to ensure that they accurately describe your
facilities and that the conditions are acceptable to you. Note that your permitted emission limits may, in
the future, be used to determine emission fees.

The Part 70 permits expire on June 2, 2012. A complete application to renew the Part 70 Operating
Permits must be submitted to our office consistent with the requirements of APCD Regulation XIII.

The APCD PTOs are for the triennial (every three years) reevaluation of existing air quality permits at
your facility, as required by Air Pollution Control District Rule 201. This permit may contain new
conditions added to ensure compliance with current laws and updated regulations.

You should become familiar with all APCD rules pertaining to your facility. This permit does not relieve
you of any requirements to obtain authority or permits from other governmental agencies.

Please be aware that this permit requires you to do the following:

- Pay a fee of \$61,238.00, which is due immediately and is considered late after 30 calendar days
from the date stamped on the permits. Pursuant to APCD Rule 210.IV.B, no appeal shall be heard

Terry Dressler • Air Pollution Control Officer
260 North San Antonio Road, Suite A • Santa Barbara, CA • 93110 • www.sbapcd.org • 805.961.8800 •
805.961.8801 (fax)

unless all fees have been paid. See the attached invoice in each facility permit for more information.

- Ensure that all specified conditions are met.
- Ensure that a copy of the enclosed permit is posted or kept readily available near the permitted equipment.
- Promptly report changes in ownership, operator, or your mailing address to the APCD.

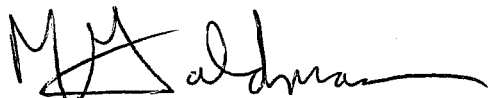

In addition, please note that:

If you are not satisfied with the conditions of these permits, **you have thirty (30) days from the date of this issuance to appeal these permits to the Air Pollution Control District Hearing Board** (ref: California Health and Safety Code, §42302.1). Any contact with APCD staff to discuss the terms of these permits will not stop or alter the 30-day appeal period. According to District Rule 210.IV.B, your appeal will not be heard unless all fees are paid.

Pursuant to APCD Rule 1304.D.8, any person may petition the USEPA for a permit appeal within 60 days after the expiration of the USEPA's 45-day comment period.

Please include the Facility Identification (FID) and permit numbers on all correspondence regarding these permits. If you have any questions, please contact Philip Sheehan of my staff at (805) 961-8876.

Sincerely,

Michael Goldman, Manager
Engineering & Compliance Division
